PICKARD CO. WILL MOVE ENTIRE PLANT TO ANTIOCH

**Pottery Plant Will
Employ 75; Carry
\$80,000 Payroll**

**Must Fit Local Factory for
Increased Production
by May 15**

Prospects of a payroll of \$80,000 and increased employment for Antioch community loomed today with the announcement that all branches of Pickard, Incorporated, makers of fine china, will be moved to Antioch and will be in production of signed orders amounting to thousands of dollars by May 15.

Specifically, the plans call for an addition to the present spacious plant on Corona street, the installation of machinery and pottery ovens, and the moving to Antioch of the decorating department and the skilled artisans who have been employed in this department in the company's Chicago plant. The plant in full operation will employ about 75 workers.

Originally the company confined its business to decorating fine china which was imported from Germany and Czechoslovakia, and catered only to the finest trade in America and abroad. Difficulties in obtaining the imported product, due to strife in European countries, prompted the company to establish the manufacturing plant in Antioch three years ago. Here master potters were credited with turning out a product which is pronounced to be the equal of the best pottery formerly imported from Europe. During the experimental period the company expended over \$20,000 in perfecting its product.

With the success of the pottery manufacturing process assured, the company announced several months ago its intention of unifying the industry by moving the decorating department in Antioch. The chance came a few days ago with the sale of the Chicago property the company has owned and occupied for many years.

The announcement of the company's intention to move has brought bids from many cities that are anxious to secure this well established industry and its attendant payroll for their own community. Meanwhile local business interests have not been unaware of their opportunity in seeing that the plant is firmly established in Antioch, and yesterday a small group met to discuss what steps may be taken toward helping to defray the company's expense in moving to Antioch. It is believed that business interests here, as well as civic-minded citizens, will not pass up this opportunity to make a gesture of welcome in a substantial way for this well-established industry. It was indicated that a committee will canvass the business community for the purpose of raising sufficient funds to defray the expense of moving the company's machinery and equipment from Chicago to Antioch.

Poultry Culling School to Be Held Feb. 13

A demonstration on the culling of poultry for egg production will be given next week Thursday at 7:45 p. m. at the Antioch High school.

C. L. Kuttel, who has coached several state champion poultry culling teams, will be in charge of the demonstration.

All poultrymen who are interested in weeding out their non-profitable hens from their laying flocks are urged to attend this meeting. There is no charge for the instruction.

Large Meeting Planned

On Feb. 20, a large meeting of farmers and poultrymen is being arranged for. Prof. A. P. Loomis, formerly superintendent of the Poultry Tribune farm, will talk on "Management and Feeding for Winter Egg Production." Motion pictures will be shown and an egg show and auction will be held in cooperation with the Purina Mills and the Antioch Milling company and the Antioch High School Evening class.

Mrs. Thomas F. Hunt, proprietor of the MariAnne shops in Antioch and Libertyville, addressed the women's evening class last Tuesday evening on "Buying." Mrs. Hunt stressed the importance of a knowledge of values and quality of merchandise, as well as style, becomingness and appropriateness, in the buying of women's clothing.

Kilpatrick Is Temporary Clerk at Post Office

Chester Kilpatrick will begin work at the Antioch post office as temporary substitute clerk Monday, Postmaster Roy Kufalk announces.

Kilpatrick replaces Norman E. James, who has been assisting at the post office since Oct. 8, and has resigned to devote more time to the upholstery business he conducts.

Examinations for a permanent appointment for the substitute clerk vacancy will be held three months hence, Postmaster Kufalk announces.

Kilpatrick has been employed as clerk in the Antioch store of the Great Atlantic and Pacific Tea company.

All-Star Mat Card Planned By Waukegan Moose

Swedish Angel and Hans Schnabel Signed for Benefit Feb. 14

Big time professional wrestling returns to Lake county a week from tomorrow night (Friday, Feb. 14) when the neanderthal monstrosity of the mat, the Swedish Angel, battles 230-pound Hans Schnabel, the tremendous Teuton, in the main event of an all-star mat card sponsored by the Waukegan Lodge of the Moose and presented in the Waukegan High School gym.

Undeclared in more than 150 professional matches, the Angel is undoubtedly wrestling's biggest box-office attraction of the year, and a definite threat for world's championship honors. Of course, muscular Hans Schnabel is no newcomer to Lake county mat wars, for the German Oak has flattened practically every opponent of any worth ever sent against him in a Lake county ring.

The Angel-Schnabel struggle is expected to develop into one of the roughest and wildest parties of its kind ever witnessed in the county.

With such great athletes as Ruffy Silverstein, Jim McMillen, and Karol Krauser already signed to appear in supporting matches, officials of the Moose Lodge are looking forward to one of the biggest wrestling crowds in years. Tickets are popularly priced.

Success at Grayslake
A fair-sized crowd turned out at the Grayslake school auditorium last Friday night for the wrestling show conducted by citizens of the community for the benefit of the Lake County Infantile paralysis fund.

Ralph (Ruffy) Silverstein pinned Diz Davis in 20 minutes, and Jim McMillen defeated Pete Schuh in 25 minutes in the double wind-up.

The twin daughters born to Mr. and Mrs. Clayton O'Haver, Jan. 30th, have been named Gail Maureen and Jill Kathaleen.

THE VOICE OF HISTORY

Reject Application for Carrier Service

Post Office Department Says Antioch Too Small to Warrant Service

The application of Postmaster Roy L. Kufalk for the establishment of city mail carrier service for Antioch has been rejected in Washington on the grounds that the town is too small to warrant the service.

A letter dated January 31 from the First Assistant Postmaster General seems to have settled the matter quite definitely. The letter follows:

My Dear Postmaster:
With reference to your letter of January 23, with which you submitted map and completed questionnaire, you are informed that the population of 1075 residing within improved territory is below the 2500 minimum requirement for city delivery service. The department is not warranted, therefore, in establishing such service at Antioch.

Respectfully yours,
Ambrose O'Connell,
First Assistant.

Mrs. Elmer Hunter Is on Federal Jury

Mrs. Elmer Hunter, leader in business and woman's organizational affairs in Antioch, has been granted the distinction of being one of the women to sit on the federal grand jury now in session in Chicago. While the deliberations of the grand jury is secret and its activities cannot be divulged until it completes its investigations and makes its report it is believed that it is engaged in the probing of a number of cases of national importance.

Sheehan Bros. To Take Over Richards Agency

Veteran Farm Implement Dealer Sells Business to Bristol Men

C. E. Richards, dealer in farm implements in Antioch since 1924, has sold his McCormick-Deering implement agency to Daniel and Joseph Sheehan of South Bristol.

Richards is retaining his agency for the sale of farm trucks, and his stock of farm implements other than the McCormick-Deering line. He will continue at his business location, which is also his residence, on Main street.

The Sheehan Brothers will locate their agency on Depot street, across from the offices of the Antioch Lumber and Coal company, and are moving their newly acquired stock of implements there now.

Richards has served as clerk of Antioch township continuously since 1914, and will be a candidate for re-election in April. He also served a year in that capacity in 1909.

He has also served in the past as a member of the Antioch grade school board and the village board of trustees, and before moving into the village was a member of the Oakland school board.

Managed Phone Co.
From 1911 until it was discontinued last spring, he was manager and secretary of the old Antioch Telephone company, also known as the "Farmers' line." The company had been founded as an "independent" in 1900, with Daniel Williams as president, and was incorporated around 1911 with other independent local telephone lines.

Mr. and Mrs. Richards, both of whom are in excellent health, are the parents of Miss Daisy Richards, who is employed in the Antioch post office, and Mrs. Nelson P. Drom. A son, Ward C. Richards, died in 1920, at the age of 10.

P. T. A. To Hear Budget Report Monday Night

The budget report of the finance committee, a playlet presented by members in honor of Founders Day, and a round table discussion on the subject of "Mastery of Common Skills by Teachers" will make a full evening's program for the Parent-Teacher meeting Monday night at the Grade school.

Officers remind members that dues must be paid by March 1 in order to receive credit for the year by the state association.

Lunch and a social hour will follow the program.

FEEDS THE BIRDS

AT LAKE CATHERINE

William H. Rood, nature lover, urges residents of the community to feed the birds during the winter months when snow and ice make it almost impossible for our feathered friends to find sufficient food. For many years Mr. Rood has furnished food for squirrels and birds at his Lake Catherine home, where the main diet has been cracked grain and bread. The food is placed in convenient places out of reach of rats and mice.

Antioch Dollar Days to Be Held Friday, Saturday

Mayor of Narvik Will Lecture Here Under Club's Auspices

Theodor Broch, who was mayor of Narvik, Norway, when it was captured by the Germans, will be sponsored by the Antioch Business and Professional Women's club in a lecture here Monday evening, March 3.

Each year the club sponsors a lecture or other program by some outstanding person. Proceeds go to the club's educational and scholarship fund.

Plans for the Narvik mayor's visit to Antioch were made at a meeting held Monday evening in the home of Mrs. Sydney Kaiser on North Main street, with Mrs. Iza Henry as Hostess.

A summary of the history of the Antioch Business and Professional Women's club was given by Mrs. Charles N. Lux.

In her talk, Mrs. Lux told how the club was organized Oct. 5, 1932, with the purpose of loaning money to worthy students of Antioch Township High school who through lack of funds are unable to continue their education.

Presidents have been: 1932, Cornelia Roberts; 1933, Aileen Wilson; 1934, Clara Sorenson; 1935, Ruby Richey; 1936, Mrs. Marion Hunt; 1937, Lina Brummond; Mrs. Charles N. Lux; 1938, Mrs. H. B. Gaston; 1939, Mrs. C. E. Hennings; 1940, Mrs. Vera Kentner.

The membership has increased from 25 in the first year to nearly double that number.

Tables of cards were arranged and a luncheon was enjoyed afterward.

The Observer

An epidemic of "losing things" seems to be loose among us. A pair of leather gloves left in the Antioch News office and a pair of child's mittens at King's Drug store are among things lost and not-yet-called-for. Hermie Holbek of the Antioch 3 and 10 says he can more than match these articles, for he has a collection of lots of stuff, ranging from baby shoes to purses, left behind by unwary shoppers during the past couple of years.

P. S. Charles Cerniak, Jr., called today for his gloves.

Maybe we ought to remind Congress to be sure and remember that "good" money Franklin D. is so anxious to send after "bad" (meaning what we contributed about 20 years ago) ain't his'n. It's our'n. And it's going to come out of all our pockets. Personally we don't see why we wouldn't rather PAY for a two-ocean navy, and know its OURS, than to cough up more dough than a two-ocean navy would cost. . . . and know we didn't get much of anything out of it besides a lot of grief. What are we going to do—turn "guardian of Europe" permanently? . . . And pay the cost ourselves? Somehow, it seems to us there's something wrong with the set-up.

News bulletin: Roy Kufalk says he's practically certain now that maybe Antioch will have a checkers tournament. Ennyhow, quite a few guys that figure they're not so bad, themselves, are beginning to take up the challenge. It begins to look as though Roy will either be staying home nights playing checkers, or be out somewhere . . . playing checkers.

Which reminds us about them there guys that were picked up in the recent Chicago bookie raids and kept in the hoosegow until a late hour a. m. . . . and wondered out loud to the cops how they were going to explain to the little woman where they'd been. . . . It must have been kind of interesting, at that, if a person could have heard the explanations.

Ted Larson, son of Mr. and Mrs. P. T. Larson of Antioch, heads the honor roll at Illinois State Teachers' college, Jacksonville, according to information received from the college. Larson, now in his senior year, has been prominent in extra-curricular activities, such as forensics, in addition to making an enviable scholastic record.

Merchants Are All Ready For Big Winter Sale

Prepare Fine Array of Bar- gains for Two Days, Feb. 7 and 8

Bargains galore—bargains such as have not been seen in the Antioch area for months—will be offered by leading local merchants during the big Antioch Dollar Days sale to be held Friday and Saturday, Feb. 7 and 8.

Antioch merchants whose Dollar Days advertisements appear in this issue of your News have gone over their stocks and selected from them articles of standard quality, and are offering them—for these two days only—at prices that mean outstanding saving for you.

And—just to add to the fun and make things more interesting . . . some of the stores are co-operating in the offering of special cash prizes, which are described elsewhere in this issue of the Antioch News.

Housewives will find in the big "Dollar Days" sale an opportunity to "stock up" family wardrobes with needed articles economically, and at a saving of many dollars in their spring budgets.

Bargains for Men, Too

Men, too, will find in the Antioch stores decorated with Dollar Days displays and posters many bargains planned especially to appeal to their sense of thrift.

Necessities and little luxuries about the house are to be offered at prices within the reach of every purse.

"Save time, trouble and travel." Shop in friendly Antioch this week-end, and take advantage of the many bargains that will be offered during Dollar Days," the local merchants urge.

County G. O. P. Completes Plans for "Lincoln Week"

Plans were completed today by the heads of the combined Republican organizations for the staging of Lake county's part in national "Lincoln Week." Plans were made for a gala Republican celebration in honor of Lincoln's birthday. The affair will also take the form of a victory celebration for Republicans in the county, and state who were elected to office in 1940.

Lake County's "Lincoln Celebration" will be held on Thursday, Feb. 13, at the Waukegan Township High school.

Point Comfort Pavilion Is Destroyed by Fire

Damages amounting to \$5,000 were caused by the fire which almost totally destroyed the large pavilion at Point Comfort, Fox Lake, Wednesday evening.

The origin of the fire was unknown, according to Fire Chief Robert Burleigh of Fox Lake, who was a visitor to the Antioch News office this morning.

The pavilion had been vacant since the close of the past summer season, when it had been leased and operated by people from Waukegan.

The fire was first noticed by Joseph Korpen, a neighbor, who saw a small blaze and put in a call to the Fox Lake fire department. As Korpen rushed back to his doorway, after putting in the call, the entire structure seemed to "explode into flames," he said, and the roof was already beginning to cave in when the fire department arrived, within the space of a few minutes.

The firemen were able to save only a small part of the building. The pavilion was originally built by the late Louis C. De Proft, who was at one time mayor of Fox Lake, and who also served for a time as head of the fire department.

DeProft acquired the property from the Cameron estate, later ceding it back to one of the Cameron sons in a property settlement which was the outcome of a difficult over the title.

Mrs. Joseph Hlorton and Mrs. John Horan represented the local Rebekah lodge at a luncheon at Deerfield Wednesday afternoon.

The Large and Small of It

The United States is extremely proud of its big industries, steel and automobiles and the rest. Our mass production abilities have made us respected in every part of the world. Every other nation has imitated and envied the ways in which we handle the raw materials of industry and shape them to our will.

On that account, it caused violent tremors in the capitals of the world when it became plain that American industry was devoting its full energies to the task of producing armaments for our own defense and also for the other democracies.

Now, it seems, it turns out that observers haven't even really appreciated the half of it. Of course we have the biggest industries ever conceived by mankind! But now the small companies of this nation—tens of thousands of them—are also joining up for the vast rearmament task ahead. They're being asked to pitch in as sub-contractors for the larger companies—being asked to make many of the small parts that go into the big completed jobs for the Army and Navy—and they're being urged to help in this task by William S. Knudsen and the others in his office for Production Management.

Helping to make this "sub-contracting" as effective as possible was the survey recently conducted by the National Industrial Council, with tens of thousands of plants of every size giving the Council complete information on their defense facilities. This is a job industry

did on its own hook in the service of the nation. And with the survey completed, this country possesses the picture of large and small companies working down to the last lathe in the smallest shop—to achieve the largest task ever set for American industry. It has already been proved that the private enterprise system of a free nation is handling, and can handle, this assignment supremely well!

Not Forgetting Depressions . . .

This country of ours lived through ten years of depression recently, during which as individuals and groups most of us went through experiences which we would not care to repeat again. Naturally, too, we had our bad moments. Therefore, if we are wise, the fact that today our national income and employment are both at high levels should not lead us to forget entirely about depressions.

It is encouraging to note that industry, at least, realizes this truth. Through the Committee on the Study of Depressions of the National Association of Manufacturers, it has been conducting a long-term study of this "depressing" but all-important subject. Just the other day, this Committee published an interim report in which it discussed impartially and factually the kind of sound economic policies which seemed most likely to alleviate or prevent future depressions.

The suggestions made covered a number of fields—governmental activities, the fiscal situation, employment relations, and many others. There were no panaceas among them, but there were the first parts in a pattern of national behavior that might go a long way toward keeping our economy on an even keel.

Industry deserves a few plaudits, in these rocky and chaotic times, for keeping the nation's long-term future so clearly in sight. It is indeed good news that this Committee on Depressions will continue to study its subject in the months immediately ahead.

LAKE VILLA

Lake Villa Community Methodist Church

Walter A. MacArthur, Pastor
Sunday School—10:00 A. M.
Worship Service—11:00 A. M.

A very splendid increase was realized in the Sunday School this past week as a direct result of the efforts of teachers and pupils to increase the average attendance of every class by three by Easter. The "Win Three by Easter" campaign which was launched a few weeks ago is bearing fruit!

Arrangements are fast being made for the organization of a Girl Scout troop, and it is hoped that within the next two weeks all of the preliminary ground work will be complete and the meetings will actually start. All girls 12 years and over in age are requested to be alert to the coming announcement of the first meeting to be held soon. Why not get in on this fine program from the very beginning?

The first publication of the "Wayside Chapel" the little booklet from the "Church on the Busy Highway" appeared last week and met with very favorable response and comment. This little booklet will appear once each month telling the brief news of the church activities.

With National Boy Scout Week from February 7 to 13 the Lake Villa Community Methodist church honors the Boy Scouts of the local troop, Troop 84, in a special service at 11 o'clock Sunday morning, Feb. 9.

The flags will be marched in followed by the boys of the troop after which will come the choir in their processional hymn, "Holy, Holy, Holy." The salute to the American Flag, and the repeating of the Scout oath and law will complete the opening exercises of the service. The message of the hour will be given by the Rev. Walter A. MacArthur, pastor of the church and also scoutmaster of the troop. All parents and interested individuals are cordially invited and urged to attend this service honoring the boyhood of America.

A very fitting climax to National Boy Scout week will be held in the Methodist church on Wednesday evening, Feb. 12, when the Charter will be awarded the local troop. Mr. Clifton Speer, Scout executive of the North Shore Area Council of Boy Scouts of America will be present to make the award. Also, a coat of honor will be held for the boys, at which time the badges of Tenderfoot, Second Class, and Life Scout, will be awarded to the various boys.

This meeting is open to all interested parties, and especially to the parents and families of the boys. The community is urged to be present and back the boys in their outstanding work. The Troop committee will be present, headed by their chairman, Mr. Lester Hamlin. Motion pictures will also be shown by the Scout Executive on Scouting in the North Shore Area. The meeting begins at 7:30 p. m. sharp, and seats will probably be at a premium, so be on time.

Efforts are being made to completely uniform the boys of the Troop, and any interested persons who want to contribute to this splendid cause are asked to contact the Rev. MacArthur.

One of the outstanding events in the life of the village is the annual Father-Son banquet, which has been set for Wednesday, Feb. 19, at the church and it is hoped that every father and son in the community may be able to attend. The Ladies Aid will serve the banquet.

Mr. and Mrs. Verne Barnstable and daughter of Antioch visited their parents, Mr. and Mrs. Sidney Barnstable, Monday evening.

The Bertrand Galiger family was released from quarantine early this week.

Mrs. Mary McGlashan entertained her birthday club at her home Thursday afternoon.

The Council Board of the church met Friday evening, Feb. 7, with Mr.

and Mrs. Weber at their home at Sand Lake.

Mr. and Mrs. Richard Whitaker were in Kenosha on Tuesday and Mrs. Whitaker underwent a tonsilectomy. She was able to return home the following day.

Mr. and Mrs. Frank Paulson of Zion visited at the C. P. Blumenschein home last Saturday.

Mr. and Mrs. Clayton Hamlin visited relatives in Waukegan on Sunday. Mrs. Andrew McGlashan was a Chicago shopper last Friday.

Mrs. Paul Avery, Sr., Mrs. Fred Hamlin, Mrs. Swanson and Mrs. Leo Barnstable attended Royal Neighbor installation at Antioch last Friday evening.

Mrs. Laura Galiger was installed as Oracle at the R. N. A. open meeting and installation of officers last Tuesday evening. Mrs. Leo Barnstable is vice oracle; Mrs. Paul Avery, past oracle; Mrs. Ballenger, recorder; Mrs. C. B. Hamlin, receiver; Mrs. Wood, chancellor; Mrs. Swanson, marshal; Mrs. Paske, inner sentinel and Mrs. Ahlander, outer sentinel. Mrs. Gladys Ames was installing officer; Mrs. Lotie Barnstable installing marshal; Mrs.

Elsbury of Gurnee, installing chancellor and Mrs. Ruby Hook of Gurnee, installing musician. Each officer was presented a bouquet of flowers and the local officers with corsages. A short program of singing and dancing was given by two children from Waukegan and a very pleasant social time was spent. The tables were spread in the dining room and fruit jello, cake and coffee were served. Several guests were present from Waukegan.

TREVOR

Mrs. Henry Prange and son spent Sunday afternoon with her parents, Mr. and Mrs. Harry Kerkman, New Munster.

Henry and Harry Lubeno attended the meeting of the Civic club at Salem Tuesday evening. Mr. Niederprum of Kenosha gave a talk on taxes.

Mr. and Mrs. Glenn Pacey of New Glarus, Wis., were callers at the Champ Parham home Saturday.

Mr. and Mrs. William Evans, Mrs. Earl Eilers, daughter, Karen, and Mrs. Nellie Runyard were Tuesday visitors

IMPROVED UNIFORM INTERNATIONAL SUNDAY School Lesson

THE CHRISTIAN'S ATTITUDE TOWARD POSSESSIONS

LESSON TEXT—Luke 10:10-15, 10:23.
GOLDEN TEXT—Ye cannot serve God and mammon.—Luke 16:13.

"In the service" is an expression much used today. Every community has young men in the service of their country. But they are not the only "service men," for the fact is that every man and woman serves under some authority. Our lesson today reminds us that our attitude toward our possessions determines both character and destiny. We decide whether they shall rule us or we shall rule them.

1. Who Is Your Master—God or Gold? You Decide! (vv. 10-15).
The decision here is of the "either-or" variety. "Ye cannot serve God and mammon" (which means "riches").

Money itself is neither good nor bad. It is the use to which it is put that determines whether it is to be used or to destroy. Rightly gained and rightly used, money is an honor to the man who has it, and will, through him, become a means of blessing. On the other hand, money which controls a man will blast his own soul and those of others round him.

Who decides which it shall be? You—and you alone. Here we come to the central truth of the matter: "He that is faithful in that which is least is faithful also in much" (v. 10). We generally read that as though it said: "He that is now faithful in a little will later have an opportunity to be faithful in much." That may be true, but what Jesus said here was that he "is faithful in much."

The point is that the man who is faithful in the much shows that life attitude by being faithful in the little. That is, only the man who is right in the great matter of his relationship with God will be the ruler over his possessions for the glory of God and the good of his fellow man.

Someone may say, "I don't believe that." Well, you are in bad company (see vv. 14, 15). The Pharisees, who loved money, who were self-righteous, and whose attitude was an abomination in the sight of God, derided the words of Jesus. If you don't like that kind of companions, I invite you to come over on God's side.

2. Where Will You Spend Eternity? Your Life Decides (vv. 19-23).
Our life beyond the grave is determined by our life on this side of death. Yes, we know that eternal life is a gift of God received by faith in Christ as Saviour, quite apart from our own works or our merit. But let us not forget that this means far more than uttering a few words of profession or going through a formula.

The man who really turns to Christ in saving faith becomes a new creature; he is born again (1 Pet. 1:23). That means that he walks "in newness of life" (Rom. 6:4). And thus his life in this world determines both by decision for Christ and daily living for Him that he will, like Lazarus, be received into eternal blessedness.

Sad to say, the opposite is also true. Living as the rich man did, for self, will bring judgment in the world to come. There is no indication that he was especially wicked, but only that he loved his money, revelled in the flamboyant display of his wealth (v. 19), and had no thought for others (v. 21). Here again, the point is that these outward deeds were the expression of a heart attitude against God.

Death came to both of these men. It will come to all of us, unless the Lord returns to take us to Himself. It is not a pleasant matter to think of death, but only the unintelligent will fail to recognize the coming of that day. When it comes, it may be too late to make any real life decisions. Now is the acceptable time. Today is the day of salvation.

The verses immediately following our lesson in chapter 10 indicate that the decision of men concerning their relationship to God is not dependent on the miraculous, but on moral and spiritual truth. The man who says he would believe if he could only see God perform a miracle is only evading the issue. Verse 31 says that the man who rejects God's Word does so because he wants to, not because he needs to be convinced by a miracle.

We Sleep to Wake
One who never turned his back, but marched breast forward,
Never doubted clouds would break;
Never dreamed, though right were worsted,
Wrong would triumph;
Held we fall to rise, are baffled to fight better,
Sleep to wake.

—Robert Browning.

WOMAN'S CLUB HEARS TALK ON "WORDS" BY FOGARTY

"In order to use words properly as the working tools of your daily speech, you must know their meaning and how to use them," W. H. Fogarty, Chicago insurance official, told members of the Antioch Woman's club at their meeting Monday afternoon in the home of Mrs. Arthur Trieger. "A word is a little thing, but it means a lot," he said.

"Don't guess at meanings. Make sure of them," Fogarty advised. "Be specific," he further urged. "Don't say 'I guess.' If you don't know, say so."

Fogarty advised care in the use of words. "Weigh them!" he said. Twenty-five were present at the

meeting. A luncheon was served by a committee including Mrs. Frank Powles, Mrs. I. C. Patterson and Mrs. Roy Kufalk.

WEEKLY NEWS ANALYSIS

By Edward C. Wayne

'No Quarrel With America,' Says Hitler, But 'Aid to Britain' Ships Will Be Sunk; New Japanese Envoy En Route to U. S.; Congress Continues Lease-Lend Debate

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
(Released by Western Newspaper Union.)

FORT DIX, N. J.—Taking advantage of a snowfall along the eastern seaboard, members of the 44th Division's ski patrol glide down a hill in their first maneuvers in this huge army encampment. Warfare knows no seasons, so Uncle Sam must prepare to fight under any condition. The patrol pictured here was organized by Lieut. Eric Wilkner, formerly of Lapland, Sweden, but now of New York's 113th Infantry.

EIGHT YEARS: Of Hitler

On the eighth anniversary of his assumption of power, Adolf Hitler told his people and the world that U. S. aid for Great Britain "will be torpedoed" and that "Europe will defend itself" in case "those people" (meaning Americans) enter the war.

A cheering crowd of 20,000 gathered at the Berlin Sports palace for the speech heard the German dictator tell of Nazi plans to defeat England in the coming months. He said that Germany had "armed and armed and armed" and that anyone seeking to destroy that nation would get a rude awakening. He told also of Germany's preparation of military surprises that will be used in the coming battles. He said that enemy hopes for revolts in Italy because of Italian setbacks were in vain. The British were challenged to invade the continent.

Hitler declared that 1941 "will be the historical year of a great new order in Europe." He said also that Germany has never been against American interests.

BRITAIN'S NEED: Congress Considers

There was a growing feeling in congress that unless the President's measure to permit him to lend or lease material supplies to Britain was passed soon, the Germans would arrive before American arms. Administration leaders made concessions to opponents of the bill in order to obtain greater speed. They agreed to set a time limit on the President's powers, they were willing that a clause should be contained in the bill to prohibit convey by U. S. naval ships, and they were agreeable to an amendment which would require the President to report every three months to congress.

Further they would not go and efforts to make the proposal ineffectual by further amendment met firm resistance. Meanwhile supply and military experts held conferences with the new British ambassador, Viscount Halifax, whose arrival in America was unprecedented. He came on the H.M.S. King George V, a new battleship just recently launched and which was not yet known to be in commission. He was met at Annapolis by President Roosevelt.

MISSION:

Failure Expected

Kichiburo Nomura, admiral of Japan, is a graduate of the United States naval academy. During the World war he was Japanese naval attaché in Washington and a close friend of the then assistant secretary of the navy, Franklin D. Roosevelt.

Now Admiral Nomura, admittedly a pro-American among Japanese, is en route to Washington as the new ambassador from Tokyo. He sailed, he said, on what promised to be "a mission of failure." Younger men, offered the job, turned it down. They said it would be sure to end their political careers.

But Admiral Nomura is a man of courage. He lost an eye when a bomb was thrown and killed several other politicians. He received a glass eye from the empress herself. Before he left Tokyo he had a duplicate made, in case anything

should happen to his artificial eye.

It is not his eye, however, which is most likely to fail him. Back home Foreign Minister Yosuke Matsuoka, also educated in an American college through the kindness of American charity, did not wait for the admiral's arrival in Washington. Matsuoka declared to the diet that he considered U. S. policy "out-rageous," in that it objected to Japanese control of the western Pacific. He said that the fate of world civilization depends wholly upon America's attitude and refused to accept the theory of U. S. Secretary of State Cordell Hull that the invasion of Manchuria by Japan was the first step in destruction of world peace.

HISTORIC CITY:

History Repeats

The town of Derna, now in Italian Libya, has an historic place in American history, for it was at this village where ended one of the most courageous exploits of the American army.

The year was 1805 and the United States was at war with Tripoli, after refusing to pay tribute to that nation in order that American ships would not be molested by pirates on the open sea. "Millions for defense but not one cent for tribute," had thundered Charles C. Pinckney a few years before and the slogan was repeated now.

William Eaton, a captain in the American army who had been attached to Near Eastern countries, found himself in Alexandria, Egypt. There he recruited a motley crowd of about 40 Americans, several hundred Greeks and as many Arabs. On March 8, he started across the burning desert toward Derna, a city of 10,000.

The campaign experienced untold hardships, was almost without food or water, several times faced revolt in its own ranks. But by cool bravery Eaton dragged his army 600 miles across the sands and attacked Derna. On April 27 the city fell to the American army. The war ended soon afterward and Eaton returned home to be forgotten.

As March approached this year another army which started in Alexandria stood before Derna, now a city of 65,000. British troops with modern mechanized columns, lines of communications and trains of water, had put to rout an Italian force several times larger, engaged them in battle at Sidi Barrani, at Bardia, at Tobruk, and appeared to be masters of the desert. More than 100,000 prisoners had fallen before them.

Shock in Italy

In Rome there was no confirmation of the rumor that Marshal Rodolfo Graziani had been relieved of his Libyan command. But the Graziani rumor was not the most startling. There were stories of uprisings in Turin and Milan, of troops joining in the demonstration against Mussolini, of anti-Fascist speeches in the market place and of obscene words written on posters containing Mussolini's picture.

All this was denied, but more persisted. They said Germans had taken over the Italian censorship of postal, telephone and telegraph services. That three Italian generals had been shot, that thousands had been arrested by secret police, that revolt was halted only when German troops took over.

MORE: Resistance

Presence of the Germans in Italy and the Italian army was having one effect, however. The Greeks were meeting stiffer resistance in Albania. German planes and pilots engaged Greeks and the British air force. Tanks and mechanized units of the Italians counter-attacked around Valona in force. Athens said their lines were able to hold out and would soon resume the advance.

Stowaway

LOS ANGELES, CALIF.—Embarrassed naval officers have threatened disciplinary action against any sailor who might have helped Shirley Dale, 23, pictured above, aboard the U. S. destroyer Long, two hours before it sailed for Honolulu. She was discovered and put ashore.

DEBTS:

U. S. Needs Money

Congress is ready to consider plans to increase the national debt limit and raise additional funds to finance defense efforts already authorized. The present debt limit, set by congress, is \$45,000,000,000. Chairman Doughton, of the house ways and means committee, introduced legislation to raise this limit to \$65,000,000,000.

At the same time a plan was submitted for selling 25-cent defense stamps to the general public. The plan parallels the War Savings stamps of 1917.

Meanwhile the committee of federal finances of the United States

Chamber of Commerce sounded a warning. It recommended a federal agency to "co-ordinate the debt program with the general fiscal plan." They also suggested congress establish the debt limit at a sum only necessary to cover the necessary borrowing immediately in sight. "Financially," the report said, "the government is in a wilderness."

DRAFT:

Harsh Words

In England the government has had the power since the early days of the war to draft manpower and capital for defense. Virtually the same powers were voted to President Roosevelt under the selective service act. In neither country has there been much of a crackdown on industry, the force of the law being sufficient to compel co-operation of recalcitrant plants.

But now England is talking of drafting labor to man its factories and in Washington there has been threat to use the power on one or two industries. Most vocal of these instances was at a meeting of the lumber and timber products defense committee when Leon Henderson, defense commissioner in charge of price control, warned that prices must be cut sharply and production speeded.

Henderson said there had been some improvement. He sold prices in December dropped to \$35.01 per 1,000 board feet but would have to come down to \$25, or the government would take over. "I've had all the arguments, excuses and explanations I want and a whole lot more than I need," he said and stalked from the meeting.

In the Army

Winthrop Rockefeller, grandson of the late John D. Rockefeller, got up one morning at 5 a. m. and reported at the New York recruiting office at 6 for transportation to Fort Dix, N. J. He'll never get rich, he's in the army now—as a private.

On the other hand, Ernest Eisle, 22, of Pontiac, Mich., who fought to evade the draft, is dead. When federal officers called with a warrant for evasion, a gun fight result-

ed. Two officers were stabbed and young Eisle fatally shot. With the approach of spring the draft will be speeded. The objective is 800,000 men in camp under the selective service law before June 1. Between now and then the monthly drafts will reach about 100,000 men.

War Dictatorship Means Farm Ruin

Write Congress Demanding Bill Be Killed, Wood Committee Urges.

Farmers more than any other class in America will suffer if the war dictatorship bill now before Congress is enacted into law, because the measure will lead us into war and that will inevitably bring inflation, the America First Committee warned today, urging all citizens to write both to their Senators and their Congressmen demanding that the bill be killed.

Experience from our part in Europe's last war has taught agricultural America, including those who deal in farm produce or who sell to the farmer, that while wars are fought on battlefields their lasting effects are wrought on barren farms.

With war comes inflation of all prices, including those for produce, farms and labor. The last war taught us that conclusively, as anyone will remember who bought a farm in 1917 or 1918 and later ever tried to realize on his investment and labor. Another will bring the same inflation of all values and the farmers again will be left bankrupt, the America First Committee predicted.

But not only will the farmer suffer from an inevitable post-inflation depression, the America First Committee pointed out, while he has been riding the wave of wartime inflation prosperity he will be confronted with a new high cost of labor.

Under the dictatorial powers granted in the proposal introduced for the administration by Sen. Barkley and Rep. McCormack, the President could rule farm youths no longer exempt from being drafted into the Army and Navy. Sons could be taken from their farm homes, put in the armed forces and again shipped overseas to fight on foreign soil in a war which in no way threatens or affects America.

Farmers will turn to hiring farm hands to replace the sons who helped on the farm. But with the highly competitive labor market in defense industry in the cities, which will be able to afford much higher wages, farmers will have to pay salaries far beyond their normal means to attract labor to the country.

That this country already has been started down the road to war by the incessant barrage of interventionist propaganda was vividly demonstrated by the President's belated announcement that he had traded 50 destroyers of our battle fleet to Great Britain in exchange for 99-year leases on Naval bases off our eastern coast.

Then, after an intensive campaign of propaganda trying to frighten the American people into the war by using such bogies as the possibility of an invasion attempt, these same forces had the war dictatorship measure introduced.

Well-remembered is the President's "flight schedule" address with which he tried to frighten the nation into thinking it was on the verge of being invaded by an air armada that, supposedly would fly over 3,000 miles of ocean and meet no resistance from our own army, navy and air forces.

Certainly we want to aid Britain, the Committee statement continued, but not at the price of our own defense. Not by shipping to the English isles all our sorely needed armament production. Let's aid to the limits of the Johnson and Neutrality Acts, which have been ample in the past and which may be extended even further and remain within the laws, not give away all that we make, nor strip our under-equipped army and navy of their arms and ships.

With the scare campaign of interventionists, movements were inaugurated to repeal the Johnson Act, which prohibits bankers from making loans to any country in default on a debt to the United States; and the Neutrality Act, which requires that ammunition purchases be made on a cash and carry basis and which prohibits American ships from entering war zones and combatant countries from financing their war through bond issues floated in this country.

General Robert E. Wood, acting national chairman of the America First Committee, said that the tragic irony of this bill is that it seeks to protect democracy in Great Britain by abandoning democracy in the United States. General Wood was Chief Quartermaster at the construction of the Panama Canal and Acting Quartermaster General of the U. S. Army during the World War.

"We would lose the fight before it began," General Wood said. "The President is not asking for a blank check; he wants a blank check book with the power to write away our resources, our man power, our laws and our liberties."

WILMOT

Mausser-Pacey

Miss June Pacey, Zion, Ill., daughter of the late Mr. and Mrs. Arthur Pacey of Wilmot, became the bride of Frederick Mausser, son of Mr. and Mrs. Matthew Mausser, also of Zion, Saturday morning at the Holy Name church in Wilmot at 9 o'clock.

The Rev. John Finan read the ceremony in the presence of immediate relatives and friends. Mrs. Anton Schlax, Twin Lakes, played the professional and recessional marches, and Grace Carey, soloist, sang Gounod's Ave Maria and other appropriate songs. The church was decorated with gladioli and snapdragons.

A wedding breakfast for the immediate families was served after the ceremony at the home of the bride's uncle and aunt, Mr. and Mrs. Raymond Ferry, at their home in Zion. Following a motor trip, Mr. and Mrs. Mausser will make their home on Route 1 in Zion. They plan to return by Feb. 10. Mr. Mausser, a graduate of the Warren Township High school in Gurnee, is employed at the Co-operative Trading company, Waukegan. His wife, a graduate of the Union Free High school at Wilmot and the College of Commerce in Kenosha, is employed at the Abbott Laboratories.

Among the guests from out of town who attended the ceremony were Mr. and Mrs. Glen Pacey of New Glarus; Mr. and Mrs. Walter Rasch of Slades Corners; and Mr. and Mrs. Joe Slack and Mr. and Mrs. Ernest Tracy, all of Waukegan.

The Mothers' club held a business meeting Tuesday evening.

The Wilmot Volunteer Fire department answered a call at the home of Mr. and Mrs. John Elverman early Wednesday morning. A chimney fire was soon brought under control.

Mr. and Mrs. Benn Nett, Ruth Nett, accompanied by Mrs. T. Tubbs and Gertrude Nett of Algonquin motored to St. Anthony's hospital at Rockford Tuesday night to be present at the ceremonies in which Agnes Nett, who is taking Nurses' training at the hospital, received her second cap.

Erminie Carey entertained at contract bridge Tuesday evening.

Mrs. Ray Bufton spent Tuesday as a guest of Mrs. F. Burroughs. Ray Bufton and George Hyde were dinner guests and in the evening two tables of five hundred were in play. Mrs. Burroughs' birthday anniversary was Wednesday and three tables of bridge were in play in the afternoon, the guests surprising Mrs. Burroughs in the evening.

The bill, the general said, "wipes out every safeguard we have devised to protect our nation in times like these."

The measure has other drastic powers which would give the President complete power and leave Congress and the people with no authority to express themselves. The President could, if he wanted, cancel any federal law on the statutes; give all our armament and ammunition, all our military secrets, to any nation he desired to have them; it would open our harbors and shipyards to warships of any nation the President named; it would allow him to seize the ships of one country, while in an American harbor, and turn them over to another country.

But, fortunately, Americans still live in a democracy, and the power to stop this dictatorship measure which would transform this country into a totalitarian state faster than Hitler transformed Germany, still lies in the hands of the people. This most serious piece of legislation which ever confronted a free people, this Magna Charta of dictatorship, can be rejected only if an aroused citizenry writes its representatives in Congress and insists the measure be killed.

A few short words, either a letter or telegram to both Senators and the Congressman telling them that the bill must be killed and no compromise accepted, is all that a citizen has to do to assure the continuation of our present form of government and our nonintervention in European Wars.

honor of her anniversary. A lovely luncheon was served, and Mrs. Burroughs was presented with a cyclamen plant.

Mrs. M. Schnurr, Mrs. R. Schwartz, Miss Anna Kroncke and Mrs. W. Bernholt attended a bridge party at the home of Mrs. George Dean in Bassett's Thursday evening.

Union Free High School

The regular meeting of the P. T. A. will be held at the school Monday evening, Feb. 10. There will be a short business session at 8 o'clock. M. M. Schnurr, school principal, will give the greeting and John Peters, of Bristol, is to have a vocal solo. The P. T. A. from the Senior High school in Kenosha will be guests of the local group and are to present the Founders Day program and will bring special music for the affair. Another high light for the evening will be the candle lighting service. The evening will close with a social hour and the serving of refreshments by a group of members from Silver Lake. An offering for a Founders Day gift to the state organization will be collected.

The school basketball team defeated East Troy 23-19, thus gaining undisputed second place in the League and one game out of first place. Friday evening Rochester who heads the league, at present, will play Wilmot on the latter's home floor for League leadership.

Peace Ev. Lutheran Church—The Ladies' Aid will assemble at the church hall at two o'clock for the regular meeting. Church services Sunday, Feb. 9—Sunday school will be at 8:45 and English Worship at 9:30 A. M. Jeannette Wertz has returned to Glencoe after a two weeks' vacation with her parents, Mr. and Mrs. William Wertz.

Miss Bessie Freeman, Delavan, and Glen Ober, of Woodstock, were guests Sunday of Mr. and Mrs. Herbert Sarbacher.

Mr. and Mrs. Russell Elwood and family spent Sunday with Mr. and Mrs. Harry McDougall.

Milton Herriek, son of Mr. and Mrs. Don Herriek, Chicago, has been seriously ill.

The Rev. R. P. Otto called on Charles Waltersdorf at the Kenosha hospital Sunday.

Mrs. Dina Suebs of Kewaunee is visiting her sister and husband, Rev. and Mrs. R. P. Otto.

Mrs. Clifford Pacey is recovering from a broken arm which she suffered in a fall recently. Mrs. Mary White is staying with her.

George Hyde entertained for the card club at his home Saturday evening. Five tables of 500 were in play and a midnight luncheon was served.

Between two and three hundred enjoyed the toboggan hills west of the village Sunday. The ski hills were patronized daily last week with several hundred present on Sunday. The lighting system has been installed at the toboggan hills and there will be

During February, March and early April, a dairyman can see results QUICKER when he adds dairy mineral to his ration than during any other time of the year.

That's because the average dairy herd has been on the same ration week after week, and month after month, since they were taken off pasture.
